APPENDIX - XI

INSTRUCTIONS FOR DOCTORS

1. The provisions of the Medical Attendance Rules and Orders issued from time to time should be strictly observed. The following points should be particularly noted:—

- (1) Pathological, Bacteriological, Radiological or other methods of examination for the purpose of diagnosis should be carried out at a Government hospital or laboratory.
- (2) A patient should not be referred to a private Specialist, except where specifically provided for in Government orders and under no circumstances to a Specialist or Medical Officer, Government or private, outside the State.
- (3) A patient should not be admitted to a hospital or nursing home which does not come within the scope of the rules or which has not been recognized for the purpose of the rules.
- (4) Dental treatment when it is obtained at a Government hospital under the advice of the Authorized Medical Attendant is covered by the Medical Attendance Rules, as provided for in Government of India's Decision in Section 1.
- (5) Utmost economy should be exercised while prescribing medicines. Where cheaper medicines of equal therapeutic value are available, only those should be prescribed.
- (6) Medicines should not be prescribed for all the 10 days at a stretch. The daily dosage should be indicated in the prescriptions.
- (7) Prescription of phials towards the end of the 10 days' period should be avoided, if possible.
- (8) While signing medical bills, never certify items of foods, tonics having more food value, disinfectants and other similar preparations as essential.
- (9) Reimbursement of the cost of Ayurvedic, Unani, Siddha and Homoeopathic medicines is also admissible.
- (10) Essentiality Certificates in respect of medicines should be granted in the prescribed form and should legibly show (preferably in block letters) the names of the medicines prescribed and the amount incurred on the purchase of each medicine.
- (11) List of items of medicines for which refund is not admissible under the Medical Attendance Rules are issued by the Ministry of Health from time to time. The items mentioned in these lists as well as foods, toilets, disinfectants, appliances or dressing should not be included in the Essentiality Certificates. Their cost will not be reimbursed to Government servants even if prescribed by the Authorized Medical Attendants. The list issued by the Ministry is

INSTRUCTIONS FOR DOCTORS

illustrative only. The AMA will decide the admissibility of a new medicine / preparation.

- (12) Payments received from Central Government servants or members of their families, on account of fees for consultation, administration of injections, etc., should be indicated in the body of the Essentiality Certificate itself, vide Clauses (a) and (b) of Form 'A'. A revenue stamp should be affixed on the Essentiality Certificate itself if the amount received exceeds ₹ 20.
 - (13) The designation and degree should be clearly indicated while signing the reimbursement papers.
2. The following principles should be observed:—
- (1) For the purpose of 'medical attendance', as distinct from 'medical treatment', there should be no need for repeated consultations which include 'repeat' prescriptions. In such cases up to 4 consultations at the rate of one consultation, a day should be sufficient.
 - (2) Treatment at a consulting room should be limited to the administration of injections only.
 - (3) Cases requiring prolonged treatment should be admitted to hospitals unless hospitalization is definitely not necessary in any particular case.
 - (4) If hospitalization is not considered necessary but the treatment is expected to be prolonged requiring many consultations and several injections spread over a period of more than 10 days, the patient should be referred to the out-patient department of a Government / recognized hospital at the earliest.
 - (5) Hospitalization should be advised in cases where it is required, and if, in spite of the specific advice of the Medical Officer, a patient does not seek admission into hospital, the Medical Officer concerned should record a note to that effect while signing or countersigning the bills, certificates, etc., necessary to be produced by the Government servant for the purposes of claiming refund from Government. In such cases, no refund would be admissible.
 - (6) In cases which are definitely not prolonged, treatment (limited to the administration of injections only), during medical attendance cases, normally 10 injections in a period of 10 days should suffice. These limits may be exceeded slightly (not exceeding 5), viz., 15 injections spread over a period of 10 to 15 days (or even more days depending on the condition or ailment of the patient as in the opinion of the Authorized Medical Attendant is essential for the recovery of the patient) at the discretion of the Authorized Medical Attendant.

3. If a Central Government servant or a member of his family is not entitled to the services of the Medical Officer whom the patient consults, he should direct the patient to the proper Authorized Medical Attendant.

No.CGEWCC/PB/2017/

March 9, 2017

To

AM A.M.As (as per list)

Sir/Madam,

It is to inform that during the monthly meeting of the Central Government Employees' Welfare Coordination Committee (CGEWCC) held on 30-11-2016, it was discussed that the AMAs at Mainland hospitals are charging as per the CGHS rates for consultation, treatment, laboratory tests, X-ray etc. for the central government employees and the same should be applicable for the central government employees posted in Port Blair and taking treatment from AMAs at this place.

2. Hence, all the Authorized Medical Attendants appointed by the CGEWCC, Port Blair are requested to charge as per CGHS rates for consultation, treatment, laboratory tests, X-ray etc. for the central government employees posted at Port Blair with effect from 01-04-2017. They are also requested to enquire about the status of central government employees before giving the treatment and charge accordingly. The CGHS rates are available in the website <https://drive.google.com/file/d/0B9OjCJTcunQqMXJ2eUR6bEpUYU0/view?pli=1> which may be downloaded and implemented.

3. The AMAs are also requested to display the board mentioning as "Authorized AMA for the Central Govt. employees" at their hospital.

4. It is also to inform that as per the latest Govt. guidelines, the limit of ten days treatment at the consulting room of AMA may be increased to forty days if the treatment is taken in Indian system of Medicines and in Homoeopathy. The total number of consultations will, however, remain four at an interval of ten days (copy enclosed for reference). This may be implemented by all the AMAs.

This issues with the approval of the Chairman.

Yours faithfully,

(Dr. C. Raghunathan)
Secretary, CGEWCC
